**Meaningful Activities for Persons  
with Memory Loss**

Speaker: Lauren Cetnar, Program Coordinator  
Alzheimer's Association Greater Michigan Chapter

A person with dementia will eventually need a caregiver's assistance to organize the day. Planned activities can enhance the person's sense of dignity and self-esteem by giving more purpose and meaning to his or her life. This presentation will help you learn creative strategies for engaging in enjoyable activities, how to identify activities that are appropriate based upon ability and 'fit', and how to design activities with support, structure, and personal preferences in mind.
